MILLSAPS COLLEGE

CATALOG 1957-1958

ANNOUNCEMENTS 1958-1959

The Sixty-seventh Session Begins
July, 1958

FOREWORD

Experience indicates that those who examine college catalogs are usually interested primarily in finding the answers to the following questions:

- (1) What is the general nature, type, and standing of the college?
- (2) What are the requirements for admission?
- (3) What is the cost of attending the college and what opportunities are available for earning part of these expenses?
- (4) What subjects of study are provided and what are the requirements for graduation?
- (5) What rules does a student have to follow while attending the college?
- (6) What other activities are provided outside the classroom?
- (7) What physical equipment and financial resources does the college have?

In order to make this catalog easier to read, we have tried to arrange it so as to answer these questions in logical order. The first two questions, which are of concern primarily to prospective students, are answered in Part I. The other questions are covered successively in Parts II-VI, as shown in the Table of Contents on the opposite page. In Part VII we have given the necessary information with regard to the trustees, officers, and faculty, and have listed the names of other staff personnel and of the members of the student body.

This catalog is primarily a record of the 1957-58 session of the college. The academic calendar of 1958-59 session will be found in the back.

THE PURPOSE OF MILLSAPS COLLEGE

Millsaps College has as its primary aim the development of men and women for responsible leadership and well-rounded lives of useful service to their fellow men, their country, and their God. It seeks to function as a community of learners where faculty and students together seek the truth that frees the minds of men.

An as institution of the Methodist Church, Millsaps College is dedicated to the idea that religion is a vital part of education; that education is an integral part of the Christian religion; and that church-related colleges, providing a sound academic program in a Christian environment, afford a kind of discipline and influence which no other type of institution can offer. The College provides a congenial atmosphere where persons of all faiths may study and work together for the development of their physical, intellectual, and spiritual capacities.

As a liberal arts college, Millsaps seeks to give the student adequate breadth and depth of understanding of civilization and culture in order to broaden his perspective, to enrich his personality, and to enable him to think and act intelligently amid the complexities of the modern world. The curriculum is designed to avoid premature specialization and to integrate the humanities, the social studies, and the natural sciences for their mutual enrichment.

The College recognizes that training which will enable a person to support himself adequately is an essential part of a well-rounded education. On the other hand, it believes that one of the chief problems of modern society is that in too many cases training as expert technicians has not been accompanied by education for good citizenship. It offers, therefore, professional and pre-professional training balanced by cultural and humane studies. In an environment that emphasizes the cultural and esthetic values to be found in the study of language, literature, philosophy, and science, the student at Millsaps can also obtain the necessary courses to prepare him for service in such fields as teaching, journalism, social work, and business or for professional study in these areas as well as in theology, medicine, dentistry, engineering, law, and other fields.

As an institution of higher learning, Millsaps College fosters an attitude of continuing intellectual awareness, of tolerance, and of unbiased inquiry, without which true education cannot exist. It does not seek to indoctrinate, but to inform and inspire. It does not shape the student in a common mold of thought and ideas, but rather attempts to search out his often deeply hidden aptitudes, capacities, and aspirations and to provide opportunities for his maximum potential development. It seeks to broaden his horizons and to lift his eyes and heart toward the higher and nobler attributes of life. The desired result is an intelligent, voluntary dedication to moral principles and a growing social consciousness that will guide him into a rich, well-rounded Christian life, with ready acceptance of responsibility to neighbor, state, and church.

—adopted by the Faculty and Board of Trustees of Millsaps College, 1955-56

MILLSAPS COLLEGE

is a church-related college

under the joint care and control of the Mississippi and North Mississippi Conferences of the Methodist Church. The college strives to be devoutly Christian. During the 1957-58 session it numbered in its student body members of seventeen denominations and in its faculty members of four denominations. It is dedicated to the idea that education is an integral part of the Christian religion, that religion is a vital part of education, and that church-related colleges, providing a sound educational program in a Christian environment, afford a special type of training and influence which no other institution can offer. The existence side by side of educational institutions related to the church, the state, and private agencies, each with its own functions to perform, is not only evidence of democracy in our educational system, but is also the best possible guarantee of the preservation of democracy in our civilization.

is a small college

with enrollment limited to 900 students. The close personal relationship that exists among students, faculty, and administration in the small college is one of the most vital parts of the college experience.

is a co-educational college

with an enrollment approximately two-thirds men and one-third women. Boys and girls study together throughout grammar school and high school. Men and women work together throughout later life. They study and work together at Millsaps.

is a liberal arts college

with the primary aim of training its students for responsible citizenship and well-rounded lives rather than for narrow professional careers. One of the chief curses of our modern society is that so many of our people are expert lawyers, or doctors, or business men, or brick layers, without at the same time being good citizens. More than any other institution, the liberal arts college can remedy this defect by training its students, in whatever field of specialization they may choose, to be community leaders in responsible citizenship.

offers professional and pre-professional training

balanced by cultural and disciplinary studies. The college recognizes that in the modern world training which will enable a person to support himself adequately is an essential part of a well-rounded education. Therefore, the student at Millsaps can, for example, obtain the necessary courses to prepare him directly for a business career or for service in education, the ministry, or social work; he can study music as preparation for professional work in the field, as well as for its esthetic and cultural value; he can become proficient in shorthand and typewriting while at the same time studying language and literature; and he can obtain thoroughly sound basic courses which will prepare him for professional study in medicine, dentistry, law, and other fields. Professional leaders in all fields are coming more and more to recognize that the most valuable members of their profession are those who have had something more in their background of training than the narrow technical study necessary for proficiency in that field.

selects its students carefully

not on the basis of ability to pay or previous opportunities or charm of personality, but on ability to think, desire to learn, good moral character, and intellectual maturity. The primary consideration in acting on all applications for admission is the ability to do college work in a measure satisfactory to the college and beneficial to the student. Tuition is kept low enough to make higher education available to all, but an attempt is made to keep admission requirements high enough to exclude those who cannot profit from it.

has a cosmopolitan student body

representing a wide geographical area. During the 1957-58 session fourteen states and seven foreign countries were represented in the student body. It is the policy of the college to encourage by scholarships and otherwise the attendance of foreign students, because of the mutual contribution this can make to international good will and understanding.

is ideally located

in the capital city of the state. Many educational advantages may be found in Jackson in addition to the courses offered at the college. The State Department of Archives and History, the State Library, the Library of the State Department of Health, and the Jackson Public Library provide research facilities found nowhere else in the state. The Jackson Symphony Orchestra, Jackson Little Theater, The Jackson Opera Guild, Inc., and numerous musical, dramatic, and sporting events staged at the City Auditorium add materially to the cultural advantages available to the student.

is fully accredited

by all appropriate standardizing and accrediting agencies, both regional and national, and is recognized by the General Board of Christian Education of the Methodist Church as one of the strongest institutions in the connection.

Millsaps is fully approved by:

The Southern Association of Colleges and Secondary Schools

The American Association of University Women

The University Senate of the Methodist Church

Millsaps shares current educational thought by membership in:

REQUIREMENTS FOR ADMISSION

General Requirements

Millsaps College will accept as members of its student body only young men and women who are well qualified to benefit from the kind of academic life offered by the college. All applicants for admission must furnish evidence of

- 1. Good moral character
- 2. Sound physical and mental health
- 3. Adequate scholastic preparation
- 4. Intellectual maturity

Admission to Freshman Standing

Application for admission to freshman standing may be made according to either of the following plans:

1. By Certificate.

Graduates of an accredited high school or secondary school may be admitted to freshman standing on presentation of a transcript signed by the proper authorities of that school, showing the kind and amount of scholastic work done, provided that:

- (a) The student's record shows the satisfactory completion of at least sixteen acceptable units of secondary school work.
- (b) One-half of the units of secondary school work accepted for entrance must be in English, mathematics, and social studies or foreign language. These units should normally include four units of English, two units of mathematics, and at least two units of history, other social studies, or foreign language.
- (c) Not more than four vocational units may be included in those required for entrance.

2. By Examination.

Students who have not regularly prepared for college in a recognized secondary school may apply for admission by making complete statement regarding qualifications and training. Such students may be regularly admitted if they qualify in a battery of achievement examinations given at the college under the direction of the Office of Student Personnel. These examinations are given on the scholastic work covered by the list of secondary units approved by the Southern Association of Colleges and Secondary Schools.

College Entrance Board Examination certificates or the high school level General Educational Development Test may be accepted in place of high school certificates or examination by Millsaps College.

Admission To Advanced Standing

- Millsaps College normally allows full credit to transfer students on work taken at other accredited institutions. Some courses which are not regarded as consistent with a liberal arts curriculum, however, may not be credited toward a degree.
- Students with good records at non-accredited institutions may be admitted on probation, and the work done at such institutions will be validated if the student makes a satisfactory record the first year at Millsaps.
- 3. A maximum of 64 semester hours of credit will be allowed from a junior college.
- 4. Full credit is allowed for all junior college academic courses of freshman and sophomore level and full elective credit allowed for other courses, with the proviso that junior college transfers may be called upon to do extra work necessary to fulfill the requirements at Millsaps for majors, for pre-professional work, and for professional teaching licenses.
- 5. After earning 64 semester hours of credit at a senior or junior college, a student will not be granted any additional credit toward a degree at Millsaps for work done at a junior college.
- 6. Grades and quality points made by students at other institutions will be recorded on their records at Millsaps, but transfer students will be required to include in the 120 quality points required for graduation quality points earned at Millsaps at least equal in number to the number of hours of academic credit remaining on their graduation requirement after the transfer credits are entered.
- 7. In the case of students transferring to Millsaps with more than 3 but less than 6 hours credit in a required subject, the head of the department concerned is authorized to approve a 3-hour elective in that department as a substitute for the remainder of the required course.
- 8. Credit will not be given for work done by correspondence.

Admission As Special Student

- A special student is one who enrolls for less than 12 hours of academic work per semester or one who has previously received a baccalaureate degree. Students in their senior year taking all the work required to complete a degree are not considered special students, even though taking less than 12 hours.
- 2. For admission as a special student the candidate must be at least 21 years of age and must present adequate proof of good character and of maturity of training.
- 3. Special students may enroll for whatever courses they desire without regard to graduation requirements, but must in all cases meet the prerequisites for the courses elected by them.
- 4. No special student may be recognized as a candidate for a degree unless he completes all entrance requirements at least one year before the date of graduation. No college credit will be granted until entrance requirements are satisfied.
- Special students are not permitted to represent the college in intercollegiate activities.

HOW TO APPLY FOR ADMISSION

All persons not in residence at Millsaps during the preceding regular semester must apply to the Admissions Committee and be accepted prior to registration for the fall and spring semesters.

A prospective student should apply for admission well in advance of the date on which he wishes to enter, particularly if housing accommodations on the campus are desired. The Admissions Committee begins acting on applications for the fall semester in February and on applications for the spring semester in November.

In applying for admission a prospective student should follow the procedure described below:

- He should request an application blank from the Dean, who is chairman of the Admissions Committee.
- 2. He should fill out this application blank and return it to the Dean.
- 3. He should have a letter of recommendation sent to the Dean by an appropriate official of the school or schools he has previously attended, attesting to his character and ability.
- 4. He should have his high school principal or college registrar send an official transcript of his credits directly to the Dean. A separate transcript is required from every secondary school or college attended, even though credits previously earned are included on the transcript from the school last attended. A student who has already earned some college credit, however, need not have a separate transcript of his high school credits sent if these are included on his college transcript.

If the prospective student is in school at the time he applies for admission, he should have a transcript sent showing his credits up to that time. If he is accepted, a supplementary transcript will be required later showing the completion of his work.

COUNSELING PROGRAM

The fundamental objective of all counseling services is to assist each student to be ready and able to accomplish maximum success in his academic work. Consequently, every member of the college community participates in counseling, and specialists from the community are used as referral resources when the nature of a student's problem requires highly specialized therapy. Basically, the divisions of the counseling program are as follows:

1. Pre-Registration Counseling

In order to assist new and prospective students to plan wisely in looking forward to their college careers, the college will provide on request counseling services to any prospective student who may desire to explore his vocational and educational objectives before he enters his classes in the fall semester.

2. Orientation

All new students (freshmen and transfers) are expected to be on the campus on September 15, 1958, to participate in the orientation pro-

gram. This program is developed and executed cooperatively by students and faculty for the purpose of assisting students to be adequately prepared for entering fully into the college program.

3. Faculty Advisers

Each new student at Millsaps is assigned to a member of the faculty who serves as the adviser for that student with respect to his academic program. At the time a student chooses his major field of study, his major professor automatically becomes his faculty adviser.

4. Personal Counseling

Particular attention is given by the Dean of Students and the Dean of Women to counseling students on such matters as vocational choice, selection of fields of study, study skills, reading skills, emotional adjustment, and similar typical college student problems.

5. Testing

Each student entering Millsaps takes part in the entrance testing program, which is designed to provide information that will assist the professional counseling staff to work effectively with him in planning his program and activities at the college. In addition, any student registered in the college has available to him individual testing services to assist him in self-analysis and planning in terms of his individual aptitudes, interests, and personality characteristics.

STUDENT HOUSING

The housing program of the college is coordinated by the Dean of Students and the Dean of Women in cooperation with the dormitory housemothers, counselors, and managers. All out-of-town students are required to reside in the college housing facilities, unless they have received permission through the Office of Student Personnel to live in approved off-campus housing. Students who desire to live with relatives or friends while attending Millsaps must make this a matter of record in the Office of Student Personnel.

Men students live in our four men's residence halls or in fraternity houses. Women students live in our four women's residence halls. All beginning freshmen who are not residents of Jackson are required to live in the college dormitories during the entire first semester. No first-semester freshmen are permitted to live in fraternity houses. Any men or women students whose homes are in Jackson may live in the dormitories if space is available, but will be placed only after out-of-town students have been assigned.

Room assignments are made in the order in which students' class-room reservation fees have been received. If any student indicates a specific preference for a particular room or dormitory, he will be assigned to that space if it has not been taken previously by some one whose eligibility for the room entitles him to it. Students desiring to room together should make every effort to forward their reservation fees at the same time and specify their desire to room together.

After notification of room assignment, a student must accept or reject the assignment in writing within two weeks of the notification. Room rent cannot be refunded after the semester has begun.

Dormitories open for occupancy at 12 noon of the day preceding each term or semester and close at 5 p.m. on the last day of each term or semester. All dormitories close at 5 p.m. on the afternoon of the day that Christmas holidays begin and re-open at 12 noon on the day immediately preceding the day that classes resume following the holiday period. No students can be housed in the dormitories during the Christmas holiday period.

DINING FACILITIES

Boarding students eat their meals in the college cafeteria. This dining room is under expert supervision and furnishes wholesome food at moderate rates. Board may be paid in cash or by use of coupon meal tickets available in the College Business Office. Students rooming in fraternity houses are considered boarding students. The college grill also is available for snacks and quick orders.

STUDENT HEALTH PROGRAM

The infirmary, centrally located on the campus and supervised by a registered nurse, is available to all resident students. The services of the college physician are available through the infirmary. Students with minor illnesses are cared for in the infirmary. Any students having major illnesses or needing hospital services return home or are referred to one of the local hospitals for treatment on a private-patient basis. In connection with the college program of preventive medicine, each new student is required to have his family physician complete and mail in a health record and physical examination form. This form is a required part of the registration procedure.

THE MILLSAPS COLLEGE UNION

The heart of a small college is the close relationship between students and faculty. From this relationship pulses the life-blood of the campus in the form of mutual confidence, mutual respect, and mutual concern for the welfare of the total membership of the college community. The Millsaps College Union makes a unique contribution to the College by serving as the "living room" of the campus where friends can meet for relaxation and enrichment through interpersonal contacts; by providing a central location for the cafeteria, the grill, the post office, and the book store; by serving as a focal point for commuters and off-campus students; and by providing a general unifying influence for the entire campus.

EXCESS HOURS

The normal student load is five subjects with either physical education or extra-curricular activities making a maximum of seventeen hours. Students registering for courses in excess of seventeen hours will be charged \$7.50 for each additional hour per semester.

NON-RESIDENT OR OUT-OF-STATE STUDENTS

Tuition for non-resident or out-of-state students will be the customary tuition plus \$1.00 per semester hour. The low tuition at Millsaps College is possible in part because of the annual contributions of the two Methodist Conferences in Mississippi. It seems only fair, therefore, that students from other states wishing to utilize the educational facilities which these contributions help to provide should be asked to pay this additional amount above the regular tuition.

Clarification of non-resident status: Students under twenty-one years of age use the legal residence of their families. Married students and students twenty-one years or over use the legal residence of their parents or guardians, or their legal residence immediately prior to registration in a school in Mississippi. Children of parents stationed outside Mississippi but understood to be primarily residents or citizens of this state may be classified as residents.

Aliens are classified as non-residents.

REVISION OF CHARGES

Millsaps College reserves the privilege of changing any or all charges at any time without prior notice.

REFUNDS.—Room rent cannot be refunded after the semester has begun. Unused amounts paid in advance for board will be refundable. A student who withdraws with good reason from a course or courses within two weeks after the date of the first meeting of classes on regular schedule will be entitled to a refund of 80% of tuition and fees; within three weeks, 60%; within four weeks 40%; and within five weeks 20%. If a student remains in college as much as five weeks, no refund will be made except for board.

The date of withdrawal from which all claims to reductions and refunds will be referred is the date on which the Registrar is officially notified by the student of his intention to withdraw. (See regulations relative to withdrawals.)

The college reserves the right to cancel the registration of any student at any time. In such a case, the pro rata portion of tuition will be returned, except that students withdrawing under discipline forfeit the right to a refund for any charges.

AUDITING OF COURSES.—Courses are audited only with approval of the Dean. There will be no charge to a full-time student except laboratory fee for auditing any course. Special students taking other courses may audit one course without charge except for the payment of a laboratory fee that may be involved. A person not enrolled in any courses for college credit will be allowed to audit one course without charge, provided he pays for one or more other courses at the rates for

special students, plus laboratory fees; no other fees will be charged. A student auditing the classroom work of a course and not auditing the laboratory work will not be considered as having a laboratory fee involved. A student auditing a course in which the laboratory work and classroom work cannot be separated will be required to pay the laboratory fee.

In return for a fee of \$6 per semester the student receives the advantages afforded by the golf course, tennis courts, gymnasium, and athletic fields. 5. Residence Requirements:

One year of residence is required for graduation from Millsaps, and 30 of the last 36 hours of academic work must be done in residence. The only exception allowed to this rule is in the case of students leaving to enter graduate or professional school, who may transfer back the final 18 hours of work. In this case, however, residence will be required at Millsaps for the second semester of the Junior year and the first semester of the Senior year.

Three summer sessions will be considered as equivalent to the one year of residence required.

[#]If a student has two high school units and continues the same language in college, he is required to take only the foreign language 11-12 courses (6 hours).

^{**}Combinations of any two of these courses are possible in special cases.

6. English Proficiency Requirement:

Before receiving a bachelor's degree each student is required to demonstrate proficiency in English composition and usage by passing an examination given by the English Department. This examination is given in the first semester of the Junior year (or in the first semester of residence, in the case of students transferring to Millsaps at a later point in their college course). Those who fail to pass this examination are assigned to a member of the faculty for supervision in acquiring the required degree of proficiency.

8. Majors:

In addition to taking the prescribed work for the degree, the student must major in one of the following departments:

Biology.—A student majoring in biology is required to take Biology 11, 12, 21A, 22A; one of 41, 52, or 62; and one of 81, 82, 83, 84, 103G, or 104G. The biology major who is a pre-medical student is required to take two of Biology 11, 12, or 41, and all of 21A, 22A, 42, and 61. All students majoring in biology will elect other courses in biology to total at least 26 semester hours. A Comprehensive seminar is required. Only three hours of 71-72 may be applied toward a major.

Chemistry.—All majors are required to take Chemistry 21-22, 31-32, 41 or 42, 61-62, (pre-med majors may substitute 61A for 61-62), 71, Physics 11A-12A, and it is suggested that they also take Physics 32. All majors except pre-medical students are required to take Mathematics through Integral Calculus.

Economics and Business Administration.—An Economics major is required to take Economics 21-22, 31-32, 71, and at least 15 additional

semester hours of advanced work in the department. Courses in shorthand and typewriting are not counted toward fulfillment of this requirement.

Elementary Education.—Students majoring in Elementary Education are required to complete the courses necessary to obtain the Mississippi Class A Elementary Certificate.

English.—An English major is required to take English 11-12 and 21-22. In addition the student must take twelve semester hours of other courses in the department. English 51 and 61 will not count toward this requirement.

French and Spanish.—For students majoring in either of these subjects no one course is required with more emphasis than the others. Such students are urged to take every course in their major subject which they can include in their schedules. A minimum of 24 semester hours is required beyond the A1-A2 course, but 30 semester hours are recommended.

Geology.—To major in Geology, a student must take Geology 11-12, 21, 31, 32, 41, 51, and 92. Majors must take 9 semester hours of Mathematics or Math. 11-12 and two semesters of Engineering Drawing. Biology 12 and 21A are required. Three semesters of Chemistry are required, 21-22, and either 41 or 71. Physics 11A-12A or 11-12 are required, and an additional semester of Physics or Astronomy. Physics 42 (Advanced Light) is helpful.

German.—To major in German, a student must take German 41-42 and any other twenty-four semester hours in this department.

History.—To be accepted as a History major, a student must have a 1.50 average in History and maintain this grade for his full course. History 11-12, 21-22, and 301 must be included in the 24 semester hours of history required for a major in History. A preliminary test must be passed at least one academic year before the comprehensive examination.

Latin.—To major in Latin, a student is required to take 24 semester hours of Latin beyond the A1-A2 course.

Mathematics.—For a major, Mathematics 11-12, 21-22, 31-32, and 9 semester hours selected from the other Mathematics courses must be taken. An additional course is strongly recommended.

Music.—See listings under the Department of Fine Arts, page 55-58.

Philosophy.—Any courses in this department totaling at least 24 semester hours will be accepted for a major.

Physics and Astronomy.—Students majoring in these two subjects should take General Physics, Astronomy 11-12, and additional work in the department to make a minimum of 24 semester hours. Physical Chemistry may be counted toward a major. Majors are advised to take a minimum of 12 hours of Mathematics and 14 of Chemistry.

Political Science.—Students intending to major in the department should take Political Science 21-22, 101-102, 301, and at least nine additional semester hours in the department. Students are advised to take related work in the Departments of Economics, History, Sociology, Philosophy and Psychology.

Psychology.—Students majoring in Psychology are required to earn a minimum of 24 semester hours in the department, including 11 and 112. Courses in Zoology, Physics, Sociology, and Philosophy are strongly recommended for Psychology majors.

Religion.—Religion 11 and 12 are required of all students. Majors in Religion are required to take an additional 25 hours of courses in the department, including Religion 71, 72, and 112. Philosophy 41 may be counted as three hours on the Religion major if the student satisfies the Philosophy requirements with six additional hours of Philosophy.

Sociology.—Majors in Sociology are required to take a minimum of twenty-four hours in the department to include Sociology 11, 201, and 202. In addition the department strongly recommends that majors have a three hour course in elementary statistics (Economics 71 or its equivalent) and a minimum of three hours in Economics and Political Science and Psychology. The specific courses in these fields should be made in consultation with the student's major professor. Economics 71 does not fulfill the requirement of three hours in Economics. Majors are encouraged to take both elementary statistics and Sociology 201 in the Junior year.

Students may be permitted to major in a subject only after careful consideration and with the consent of the head of the department.

A major for each student must be approved by one of the department heads not later than the beginning of the junior year. Two cards will be signed by the major professor to show approval of the choice of a major, and these cards will be kept on file, one with the Registrar's Office and one with the major professor.

No junior or senior registration will be accepted as complete by the Registrar's Office without the signed approval of the major professor.

For failing to maintain a C average or for other good cause, a student may change his major or be advised by his major professor to change his major as late as October 1 of his senior year. He must submit to the Registrar's Office on regular form (obtainable from the Registrar's Office) the express permission of both the Dean and the head of the proposed new major department.

Transfer credit will be accepted toward a major only with the approval of the department.

9. Comprehensive Examinations:

Before receiving a bachelor's degree the student must pass a satisfactory comprehensive examination in his major field of study. This examination is given in the senior year and is intended to cover subject matter greater in scope than a single course or series of courses. The purpose of the comprehensive examination is to coordinate the class work with independent reading and thinking in such a way as to relate the knowledge acquired and give the student a general understanding of the field which could not be acquired from individual courses.

Regularly scheduled conferences between department heads and students majoring in the department will be held throughout the senior year. The comprehensive examination requires at least three hours and is part written and part oral, the division of time between the two to be at the discretion of the members of the department concerned. The oral exam-

ination will be conducted by a committee composed of members of the department, and, if desired by the department, one or more members of the faculty from other departments or other qualified persons.

A student may take the comprehensive examination only if the courses on which he has credit and in which he is currently enrolled complete the requirements in the major department. He may take the examination in the spring semester if he will be within 21 hours of graduation by the end of that semester. In cases of necessity, the examination will be given in December or January for students who meet the other requirements and who will not be in residence at Millsaps during the spring semester.

The time of the comprehensive examination given in the spring semester is the first week in May of each year. Comprehensive examinations will not be given during the summer except by permission of the Dean.

Those who fail a comprehensive examination may have an opportunity to take another examination after the lapse of two months. If the student fails the second comprehensive, he may not have another until he has taken at least one additional semester's work in Millsaps College.

COURSES REQUIRED FOR REGULAR STUDENTS

A regular student will be required to enroll for English, Mathematics, and Foreign Language each year until he has completed the degree requirements in these subjects. This rule does not apply to the summer session, or to students entering the second semester if the appropriate courses are not offered at that time.

Students who wish to prepare for a professional career in Social Work should plan a broad liberal arts program with a major in a social science. Because of the widely varied opportunities in this field, no specific schedule of courses is recommended for the junior and senior years. Instead, each student is urged to consult with his faculty adviser to plan a schedule.

A placement bureau for teachers is maintained under the direction of the Department of Education. It seeks to further the interests of teachers trained at Millsaps College and to be of service to school officials who wish to secure efficient teachers.

Students planning to teach in either the elementary or secondary school should follow exactly the appropriate sequence of courses outlined below. The requirements for teaching certificates are quite detailed and specific, and students must have the exact courses specified. The following course of study will meet the requirements for a Millsaps degree and at the same time qualify the student for the Class A Elementary Certificate and the Class A Secondary Certificate.

Elementary Teachers

*If for the B. A. degree Latin or Greek is taken to meet the foreign language requirement, Speech 11 and Biology 101 (Hygiene) may be substituted for Mathematics, but this will make it necessary for the student to take six hours of Geology, Chemistry, or Physics rather than three. This should be taken in the Sophomore year, which will leave room for a three-hour elective in the Junior year.

**If the student has credit for two years of language in high school and continues the same language in college, this second year of language is not required.

PRE-ENGINEERING

This program at Millsaps offers many opportunities for the student interested in engineering.

- 3-2 Engineering B.S. Program: At present we have arrangements with three engineering schools—Columbia University, The University of Mississippi, and Vanderbilt University—by which a student may attend Millsaps for three years for a total of 110 hours or more and then continue his work at either of the three schools listed above, transferring back 18 hours or less for a B.S. degree from Millsaps and at the end of the fifth year receive his engineering degree from the engineering school.
- 4-2 Master's Program in Engineering: Columbia University also has a 4-2 program in which a student attends Millsaps for four years, completing his degree requirements and then spending two more years at Columbia to obtain a Master's degree in Engineering.

Columbia University offers degrees in Civil, Electrical, Industrial, Mechanical, Metallurgical, Mining, and Chemical Engineering. The University of Mississippi offers B.S. degrees in Civil, Geological, Chemical, and Engineering Administration. Vanderbilt University offers Bachelor of Engineering degrees in Chemical, Civil, Electrical, and Mechanical Engineering.

Below is listed the course of study leading to the degrees listed above. The course is the same for all degrees at the three schools with the exception of Chemical Engineering, and the substitute courses for it are also listed.

FORESTRY B. S.

In cooperation with Duke University School of Forestry, Millsaps College now offers a course in Forestry. Under this program, a student planning a career in Forestry will spend three years in residence at Millsaps College pursuing a liberal arts course with the basic sciences needed for forestry. At the end of the three years he will have earned at least 110 hours. He will then transfer to Duke University School of Forestry for the next two years. By transferring back 18 hours, he will receive a B.S. degree from Millsaps College at the end of the fourth year and a degree in Forestry from Duke University at the end of the fifth year. Students will be recommended for continuation of this course at Duke University only if they have maintained a good average at Millsaps College.

MILLSAPS-BELHAVEN COOPERATIVE PROGRAM

Students at Millsaps College are permitted to enroll for one or more courses at Belhaven College as a part of their regular program of studies. The two colleges are located only a few blocks apart, and the schedules have been coordinated so as to make possible this exchange of students between the two campuses. Courses at Belhaven College cost the student \$10 per semester hour.

There is also a sharing of the physical and other facilities of the two schools. Students at each institution may check out books from either of the college libraries.

THE WASHINGTON SEMESTER

"The Washington Semester" is a joint arrangement between The American University, Washington, D. C., Millsaps College and other colleges and universities in the United States to extend the resources of the national capital to superior students in the field of the social sciences. The object is to provide a direct contact with the work of governmental departments and other national and international agencies that are located in Washington, thus acquainting the students with possible careers in public service and imparting a knowledge of government in action.

Under this arrangement qualified students of demonstrated capacity from the participating colleges will spend a semester at the School of Social Sciences and Public Affairs of the American University in Washington. They will earn there fifteen hours toward graduation in their home colleges. In Washington the program is coordinated by staff members of The American University, assisted by a professor appointed for a single semester by one of the participating colleges.

Millsaps will ordinarily send two students in each fall semester. These will be either juniors or first semester seniors and will be selected by a faculty committee in April of each year.

It is believed by the administration and faculty of Millsaps that this opportunity for first-hand study and observation of government in action is unexcelled by any undergraduate program in education today.

DIVISIONAL GROUPINGS

For administrative purposes, the departments of instruction at Mill-saps are arranged in three groups as follows:

Humanities-

Part IV Administration of The Curriculum

SULLIVAN-HARRELL HALL

MILLSAPS-WILSON LIBRARY

GRADES, HONORS, CLASS STANDING

GRADING SYSTEM

The grade of the student in any class is determined by the combined class standing and the result of a written examination. The examination grade is counted as approximately one-third of the grade for the semester.

- "A" represents superior work.
- "B" represents above the average achievement in the regularly prescribed work.
- "C" represents an average level of achievement in the regularly prescribed work.
- "D" represents a level of achievement in the regularly prescribed work of the class below the average in the same relationship as the grade of "B" is above the average.
- "E" represents a condition and is changed to a "D" if the grade in the other semester of the course is "C" or above, providing that the "E" precedes the higher grade on the student's record.
- "F" represents failure to do the regularly prescribed work of the class.

 All marks of "D" and above are passing marks and "F" represents failure.
- "WP" indicates that the student has withdrawn from the course while passing, and "WF" means that he has withdrawn while failing.
- "I" indicates that the work is incomplete and is changed to "F" if the work is not completed by the end of the following semester.

QUALITY POINTS

The completion of any academic course with a grade of "C" shall entitle a student to one quality point for each semester hour, the completion of a course with a grade of "B" for the semester shall entitle a student to two quality points for each semester hour, and the completion of a course with the grade of "A" for the semester shall entitle a student to three quality points for each semester hour.

CLASS STANDING OF STUDENTS

A student's classification for the entire year is on the basis of his status at the beginning of the fall semester.

HONORS AT GRADUATION

In determining honors and high honors, and all other awards based on scholarship, a quality index is arrived at by dividing the number of quality points by the number of academic hours taken. A student whose quality point index is 2.0 for his entire course shall be graduated with Honors; one whose quality point index is 2.7 and who has a rating of excellent on comprehensive examination shall be graduated with High Honors.

To be eligible for Honors or High Honors, a student must have passed at least sixty semester hours in Millsaps College. Honors or High Honors may be refused a student who, in the judgment of the faculty, has forfeited his right.

In determining eligibility for Honors or High Honors in the case of students who have not done all their college work at Millsaps, the quality points earned on the basis of grades made at other institutions will be considered, but the student will be considered eligible only if he has the required index both on the work done at Millsaps and on his college courses as a whole.

DEAN'S HONOR LIST

Those meeting the following requirements are honored by inclusion on the Dean's List:

- 1. Scholarship:
 - (a) The student must carry not less than twelve academic hours during the semester on which the scholastic average is based;
 - (b) The student must have a quality point average for the preceding semester of 2.00;
 - (c) The student must have no mark lower than a C for the preceding semester.
- 2. Conduct:

The student must be, in the judgment of the deans, a good citizen of the college community.

REPORTS

Reports are sent at the close of each nine weeks to the parent or guardian of each student. These reports indicate, as nearly as practicable, the nature of the progress made by the student in his work at the college.

HOURS PERMITTED

Fifteen academic semester hours is considered the normal load per semester.

No student may take more than seventeen semester hours of academic work unless he has a quality index of 1.5 on the latest previous college term or semester. No student may take more than nineteen semester hours of academic work unless he has a quality point index of 2.00 on the latest previous college term or semester and obtains permission from the Dean. No student may receive credit for more than twenty-one hours in a semester under any circumstances.

Freshmen in the lowest classification group will not be allowed to take more than twelve semester hours of academic work in their first semester except by special permission of the Dean.

Any student who is permitted to take more than seventeen semester hours of work will be required to pay at the rate of \$7.50 for each additional semester hour over seventeen.

ADMINISTRATIVE REGULATIONS

CLASS ATTENDANCE

A student who has not been placed on either academic or attendance probation has the privilege of being absent from classes on occasions which necessitate such absences. The intent of this privilege is that students with good academic standing are expected to be prompt and regular in attendance, but do not have to secure the approval of the Dean for each absence incurred. The specific regulations pertaining to students in this classification are as follows:

All students are expected to be regular and prompt in their attendance upon classes. Each student is, therefore, required to accept full responsibility for his own class attendance. If a student is absent from a class four times without an explanation to the Dean, he will be placed on attendance probation.

At the discretion of the faculty, special attendance privileges may be granted to those students who are on the Dean's List.

All students are required to attend classes on the two days immediately preceding and those immediately following a regularly scheduled vacation period. The following regulations apply:

- Students absent on such days will be placed on attendance probation.
- b. In order to be removed from this attendance probation, a student must submit a written statement concerning his absence to the Dean, accompanied by a written statement from a physician to certify that the student was sufficiently ill to be unable to attend his classes.
- c. Absences from classes on these days for any other reason than certified illness may be approved only by action of the Administrative Committee or by vote of the faculty of the college.

ABSENCE FROM TESTS AND EXAMINATIONS

If a student is absent from an assigned test, he must obtain written permission from the Dean in order to take a make-up test. The request for this permission must be submitted in writing to the Dean within one week after the student returns to classes.

The following regulations apply to examinations:

- a. An absence from a final examination may be excused by the Dean only on the basis of illness on the day of the examination. This illness must be certified by a written statement by a physician to the effect that the student was sufficiently ill to be unable to attend the examination.
- b. Absences from an examination due to dire emergencies other than illness may be excused only by action of the Administrative Committee of the college or by vote of the faculty acting upon written request.

c. Students missing examinations must submit their written excuses within two weeks of the absence. The special examination, if granted, must be held within the first six weeks of the subsequent semester.

CHAPEL ATTENDANCE

Regular chapel attendance is required of all students one day each week. Any student who is absent from chapel three or more times in one semester will be required to offer a written explanation of his absence to the Dean. If this explanation is not satisfactory, the student will be placed on probation, and a penalty of hours and quality points may be imposed.

PROBATION

Probation is defined as follows:

Academic Probation: --

Students who pass enough work to remain in college but make in any semester a quality index of less than 0.5 will be placed on probation.

Attendance Probation:-

- a. Upon the recommendation of the instructor involved, a student may be placed on probation in a course in which his irregular attendance endangers his academic standing in the course. Probationary rules apply to such a student only in the course in which he is reported as being on attendance probation.
- b. Any student who is absent from any class for four consecutive times without satisfactory explanation to the Dean will be placed on attendance probation by the Dean.

Disciplinary Probation: --

Students guilty of serious infractions of the regulations of the college may at the discretion of the appropriate dean or faculty committee be placed on disciplinary probation. Probationary attendance regulations will apply for such a student in all courses in which he is enrolled.

Attendance regulations for probationary students are as follows:

- a. All excuses for absences are issued by the Dean.
- b. If an absence is necessary, the probationary student is urged to confer with the Dean before missing class. In case of an emergency where it is not feasible to see the Dean before the absence, the student should bring a written excuse to the Dean within one week after returning to classes.
- c. Excuses for absences due to illness should be supported by signed statements of the physician or the nurse in attendance.

d. Penalties for unexcused absences will normally take the form of deductions of hours and quality points earned by the student at Millsaps College according to the following formula:

Classes of fifty-minutes duration:

Unexcused

absences Penalty

- 3 One credit hour and one quality point
- 5 Two credit hours and two quality points
- 8 Three credit hours and three quality points
- 11 Four credit hours and four quality points

For each additional three absences there is a penalty of one additional credit hour and one quality point.

Classes or independent laboratory courses of seventy-five minutes or longer duration:

Unexcused

absences

Penalty

- 2 One credit hour and one quality point
- 3 Two credit hours and two quality points
- 5 Three credit hours and three quality points
- Four credit hours and four quality points

For each additional two absences there is a penalty of one additional credit hour and one quality point.

Students who are on probation may be removed by making a 1.00 quality point index during a regular semester or during a summer session at Millsaps College in which the student is enrolled for at least twelve hours credit. A student is asked not to re-enroll at Millsaps College if he is on academic probation more than two semesters during his college program.

SENIOR EXEMPTIONS

Seniors may be exempt from final examinations in all subjects in which they have maintained a grade of C. These exemptions are allowed only at the end of the semester in which they take the comprehensive examination for graduation. It shall be understood, however, that this exemption does not insure the student a final grade of C, since daily grades during the last two weeks shall count in the final average. Under no circumstances may a student be exempt from any examination in more than one term or semester.

Students may be exempt from final examinations only in the semester in which they take their comprehensive, scholastic requirements being met.

CHANGE OF SCHEDULE

A student cannot change classes or drop classes or take up new classes except by the consent of the Dean, his faculty adviser, and all faculty members concerned. Courses dropped within the first two weeks of a semester do not appear on the student's record. Courses dropped after the first two weeks and before the middle of a semester are recorded as WP (withdrawn passing) or WF (withdrawn failing). Courses dropped after the middle of a semester are recorded as failures. If a student drops

a course at any time without securing the required approvals, he receives an F in that course and is subject to further disciplinary action.

WITHDRAWAL

A student desiring to withdraw from college within any term must obtain permission from the Dean of the college. A withdrawal card must be filled out and must be approved by the Dean or the Registrar. No refund will be considered unless this written notice is procured and presented to the Business Office.

Refunds upon withdrawals will be made only as outlined elsewhere in this catalog under the heading of "Financial Regulations."

A student who withdraws from college with permission after the first two weeks of a semester is recorded as WP (withdrawn passing) or WF (withdrawn failing) in each course. A student who withdraws without permission receives a grade of F in each course.

Enforced withdrawal is inflicted by the faculty for habitual delinquency in class, habitual idleness, or any other fault which prevents the student from fulfilling the purpose for which he should have come to college.

The college reserves the right to cancel the registration of any student at any time. In such a case, the pro rata portion of tuition will be returned, except that students withdrawing under discipline forfeit the right to a refund for any charges.

No student who withdraws from college for whatever reason is entitled to a report card or to a transcript of credits until he shall have settled his account in the Business Office.

AUTOMATIC EXCLUSION

To remain in college a freshman must pass in the first semester six hours of academic work.

After the first half year a student must pass at least nine hours of academic work each semester to continue in college.

The maximum number of semesters a student may be on academic probation without automatic exclusion is two.

Students who are requested not to re-enter because of academic failure may petition in writing for readmission, but such petition will not be granted unless convincing evidence is presented that the failure was due to unusual causes of a non-recurring nature and that the student will maintain a satisfactory record during the subsequent semester.

CONDUCT

The rules of the college require from every student decorous, sober, and upright conduct as long as he remains a member of the college, whether he be within its precincts or not. Because Millsaps students are well-known for their exemplary conduct, there are few stated restrictions.

Secret marriages, gambling, and use or possession of beverage alcohol are violations of college policy. Additional policies relative to the conduct of students are found in the handbook. Students are expected to familiarize themselves with these regulations, since they are accountable for observance of them.

Part V Campus Activities

THE STUDENT UNION BUILDING

RELIGIOUS ACTIVITIES

Millsaps College, as an institution of the Methodist Church, seeks to be a genuinely Christian college. The faculty is made up of scholars who are Christians striving to fulfill the highest ideals of personal devotion and of community citizenship. The religious life of the college centers around the churches of Jackson and the campus religious program.

Each week the administration, the faculty, and the students come together for a chapel service in the Christian Center. This is a formal worship service. Each Sunday morning the Holy Communion is administered for the college community.

The Christian Council is a student group made up of representatives from all the religious groups on the campus. The Director of Religious Life serves as counselor for the group. Many denominations are represented in the student body. Each is given the opportunity to organize a group and given a time to meet. The YWCA and the YMCA are given the opportunity to organize and promote an interdenominational program.

Students preparing for the Christian ministry may join the Ministerial League, which provides programs and field work appropriate to the needs of students interested in Christian life work. Through its activities, the league provides opportunity for Christian service for its members and contributes much to the religious life of the campus, to the local churches, and to such institutions as the Methodist Children's Home and the local hospitals.

A similar organization for young women going into full-time Christian work is the Women Christian Workers. Their program and activities also provide opportunity for worship and Christian service on and off the campus.

There are other opportunities for worship such as morning watch, evening vespers, and organized prayer groups in the dormitories. These services provide opportunity for participation by all students. The worship services are planned by the students themselves.

There are periods of special emphasis on religion, such as Pre-Easter services and Religious Emphasis Week. The annual Religious Emphasis Week is sponsored by all the religious groups of the campus, functioning through the Christian Council working with the Religious Activities Committee of the faculty. For this week some outstanding religious leader, familiar with student life and problems, addresses the student body and various groups of students and professors and is available for private conference with individuals. Other discussion group leaders are brought in to participate in this program. This series has been enriched through the J. Lloyd Decell Lecture Foundation. Speakers of recent years have included Dr. W. A. Smart, Dr. Marshall Steel, Dr. W. B. Selah, Dr. Mack Stokes, Dr. Henry Hitt Crane, Dr. D. Elton Trueblood, Dr. George Baker, Dr. George Buttrick, Bishop John Wesley Lord, Dr. W. J. Cunningham, Dr. Peter Bertocci, Dr. W. C. Newman, and Dr. Marjorie Reeves.

All administrators and faculty members consider it part of their responsibility to counsel with students about their religious life. This helps the student come to a mature interpretation of the total life experience. Religion is considered a very necessary factor in this maturing process.

The Town and Country teacher offers courses in the Religion Department bearing on the opportunities and responsibilities of the parish ministry. This teacher counsels with those students holding churches and those preparing to go into the active ministry. He helps them in setting up adequate programs in their parishes. He is interested also in the lay student who wishes to prepare better for active work in the church as a layman.

Through the religious groups on the campus the students are encouraged to participate in the program of the Youth Fellowship in local churches. They are also encouraged to attend important conferences, assemblies, and camps. Students also work on Youth Caravans and help in Vacation Church Schools in the summer months.

Millsaps campus has become a conference center. Such groups as the Christian Vocation Conference and the Methodist Student Movement meet here from time to time. These groups bring religious leaders and young people to the campus. Campus students take advantage of such programs.

ATHLETICS

The athletic policy of Millsaps College is based on the premise that athletics exist for the benefit of the students and not primarily to enhance the prestige and publicity of the college.

It is believed that competitive sports, conducted in an atmosphere of good sportsmanship and fair play, can make a significant contribution, in the same way as other student activities, to the complete physical, emotional, moral, and mental development of the well-rounded individual and that they are thus an integral part of a program of liberal education. Toward this end, an attempt is made to provide a sports-for-all program and to encourage as many students as possible to participate in some form of intramural or intercollegiate athletic competition.

The entire program is under the supervision of the Faculty Committee on Athletics. Specific policies are as follows:

A. Intramural Athletics

1. The program for men provides competition among campus organizations in speedball, basketball, volleyball, softball, tennis, and golf. Rules are made and administered by the Intramural Council, composed of student representatives with the Director of Athletics and a member of the Faculty Committee on Athletics as ex-officio members, subject to the approval of this committee. A student who participates in one-half of the scheduled contests of his intramural

team in two major sports or one major and one minor sport shall receive one semester hour of extracurricular credit in Physical Education for the academic year.

2. The program for women is administered by a faculty Director, assisted by the Majorette Club, whose student members head the teams that compete in such sports as badminton, volleyball, tennis, basketball, and softball. Election to this club provides recognition for athletic participation.

. Intercollegiate Athletics

- The program for men includes football, basketball, baseball, tennis, and a limited program in golf. There is no intercollegiate program for women.
- The program is conducted on a purely amateur basis. This means specifically:
 - a. No athletic scholarships are given, and athletes are not subsidized in any way.
 - b. There is no discrimination for or against athletes in the awarding of scholarships and other regular financial aid given by the college to worthy students as described in the college catalog.
 - c. All such aid is administered by the Faculty Awards Committee. Athletic ability is not a factor in such awards, and no one is granted or denied aid because of athletic ability or participation.
 - d. No student is required to participate in athletics as a condition for receiving or retaining any scholarship or other financial aid.
 - e. No student who takes pay from any source or in any form for participation in intercollegiate athletics is eligible.
 - No student who has participated in organized professional sports is eligible.
 - g. No student may participate for more than four seasons in any sport, including participation in junior colleges or other senior colleges which the student may have attended.
- Only regularly enrolled full-time students are eligible for intercollegiate competition.
- Those who participate in intercollegiate athletics are required to observe and maintain the same academic standards as other students.
- 5. In scheduling games, preference is given first to members of the athletic conference to which Millsaps belongs, and second to other colleges that conduct an athletic program on an amateur basis similar to that at Millsaps. When necessary to secure an adequate schedule, games are played with schools that operate a subsidized program on a frank and open basis. Games are not scheduled with schools that attempt to conceal subsidization of athletes while professing amateurism.

C. Athletic Facilities.

 The gymnasium provides a large playing floor for volleyball and basketball. It has dressing rooms for all teams, a room for visiting teams, trainer's room complete with equipment for injuries, a club room for wearers of the "M", a class room, and shower and locker rooms for girls. - 4. A very fine nine-hole golf course is available for use by all students.

SOCIAL ORGANIZATIONS

Social events play an important part in student life at Millsaps. The social organizations are founded on the belief that man is a social being and enjoys fellowship. They strive for high ideals and make a valuable contribution to the college and the individual in teaching students to live together.

There are four fraternities, four sororities, and a women's independent group at Millsaps. The fraternities and sororities are all members of well-established national Greek-letter organizations which maintain chapters at Millsaps. The independent group is a member of the National Independent Student Association.

The sororities are Beta Sigma Omicron, Chi Omega, Kappa Delta, and Phi Mu.

The fraternities are Kappa Alpha, Kappa Sigma, Lambda Chi Alpha, and Pi Kappa Alpha.

The women's independent group is the Vikings.

Any student who desires to join the National Independent Student Association should indicate this desire to the officers of Vikings. Students not members of a sorority are eligible for membership.

Fraternities and sororities select students for membership during a week of school known as Rush Week. At the end of Rush Week these organizations offer "bids" to the students whom they have selected. Eligibility for membership in fraternities and sororities is governed by the following regulations:

A. General Conditions

- 3. A student must wait one week after his official registration before pledging to a sorority or fraternity.
- 4. Each social organization shall secure a letter of scholastic eligibility of its prospective initiates from the Registrar prior to the initiation ceremonies.

HISTORY OF THE COLLEGE

Founded over sixty-seven years ago, Millsaps is one of the youngest colleges supported by the Methodist Church. It was in the late eighties that the Mississippi Methodist Conferences appointed a joint commission to formulate plans for a "college for males under the auspices and control of the Methodist Episcopal Church, South."

Among the members of this commission was Major Reuben Webster Millsaps, Jackson businessman and banker, who offered to give \$50.000 to endow the institution, provided Methodists throughout the state matched this amount.

Under the leadership of Bishop Charles Betts Galloway, the Methodists met the challenge of Major Millsaps. The charter for the college was granted February 21, 1890, and the college opened its doors in the fall of 1892. Coeducation was instituted in the seventh session.

First president of the college was William Belton Murrah, who served until 1910. Along with Bishop Galloway and Major Millsaps, Murrah is commonly thought of as one of the founders of the college.

Other presidents have been D. C. Hull, M.A., (1910-1912); A. F. Watkins, D.D., (1912-1923); D. M. Key, Ph.D., LL.D., (1923-1938); M. L. Smith, Ph.D. LL.D., (1938-1952); and H. E. Finger, Jr., B.D., D.D., who has been president since 1952.

BUILDINGS AND GROUNDS

The campus, covering nearly 100 acres in the center of a beautiful residential section and on one of the highest points in the city, is valued at nearly two million dollars.

The administration building, Murrah Hall, was erected in 1914; the Sullivan-Harrell Science Hall in 1928; and the Buie Memorial Gymnasium in 1936. The James Observatory provides excellent facilities for students of astronomy and is also made available on frequent occasions to the citizens of Jackson and surrounding areas. Recent grants and gifts have made possible the addition of completely modern equipment for the science laboratories.

The Christian Center Building was completed in 1950. It was made possible by the gifts of Mississippi Methodist, alumni, and friends of the college. This building has an auditorium seating more than 1000 persons, a small chapel, classrooms, and offices.

In 1955 the Carnegie-Millsaps Library was modernized and enlarged to three times its former size. It was the first building to be constructed with the Million-for-Millsaps funds and has been renamed the Millsaps-Wilson Library.

The most recently completed building, also financed from the Millions-for-Millsaps funds, is the Student Union Building. This building houses the office of the Director of Religious Life, the food services, the

bookstore, the post office, the student activity quarters, and recreation area. This building was completed in 1957.

Two new residence halls, Fae Franklin for women and Ezelle for men, will be completed by the fall semester of 1958. This will expand the current facilities which include for women Founders, Whitworth, Sanders and for men Burton, Galloway.

The campus contains fields for football and baseball, a track, tennis courts, and a nine-hole golf course.

FINANCIAL RESOURCES

The productive endowment, according to the latest audit, amounted to \$2,495,541.50. In addition to the income from this endowment, the college budget receives from the two Methodist Conferences in Mississippi \$92,000 annually. The statement of total assets derived from the last official audit, June 1957, is as follows:

Current Fund\$	123,417.59
Endowment Funds	2,495,541.50
Million for Millsaps Pledges Receivable	246,208.63
Plant Fund	2,869,789.95
Total \$	5.734.957.67

THE J. LLOYD DECELL LECTURESHIP

This lectureship was established at Millsaps in 1948 as a memorial to Bishop J. Lloyd Decell (1887-1946). Bishop Decell took the lead in merging the three colleges of Methodism in Mississippi -- Whitworth, Grenada, and Millsaps. He also set up the campaign for funds known as the "Million for the Master." The lectureship foundation of \$50,000 was established by the college. The purpose of the lectureship is to bring to the college men of scholarship in the fields of literature, science, philosophy, and religion. Dr. Henry Hitt Crane of the Central Methodist Church, Detroit, Michigan, was the first lecturer on this foundation December 5-7, 1950. Dr. D. Elton Trueblood delivered the lectures February 25-27, 1952. Dr. George C. Baker, of Southern Methodist University, was the speaker February 23-25, 1953. Dr. George Buttrick was the speaker May 5-7, 1954. Bishop John Wesley Lord was the speaker February 21-23, 1955. Dr. W. J. Cunningham was the speaker February 20-22, 1956. Dr. Peter Bertocci was the speaker February 4-6, 1957. Dr. Marjorie Reeves, noted scholar and historian of Oxford University, Oxford, England, was the speaker March 25-26, 1958.

THE MILLSAPS LIBRARY

Near the close of the session of 1905-06 Andrew Carnegie offered to give the college \$15,000 for a library building if the trustees would provide an endowment of an equal amount. The endowment required was given by Major Millsaps. In 1925 the Carnegie Corporation appropriated \$50,000 for a new library building, which was completed in

1926 and provided shelves for 50,000 volumes. The furniture for the reading rooms was given by the Enochs Lumber and Manufacturing Company. In 1944 the interior of the library was redecorated, and in 1946 additional furniture was purchased.

Work began in September, 1954, on enlarging, remodeling, and modernizing this structure into what now appears to be an entirely new building. It is designed to accommodate a student body of 1,000 and to house approximately 85,000 volumes. Money for this construction came through the Million for Millsaps Campaign and the generosity of the H. J. Wilson family of Hazlehurst. The spacious, attractive building was formally opened and dedicated with fitting ceremony on September 29, 1955, as the Millsaps-Wilson Library.

A special grant of \$10,000 for the purchase of books was made by the Carnegie Corporation during the five years 1931-36, and about 4,600 volumes were added from this source. In 1944 the Rockefeller Foundation made a grant to the library of \$15,000 for the purchase of books during the years 1944-48. This sum was matched by the college by a like amount to be used for the enlargement and equipment of the library building. The General Board of Education of the Methodist Church provided \$2,500 for the purchase of additional stacks and equipment. The income from the Martha A. Turner Fund of \$1,000, founded by Mrs. J. R. Bingham of Carrollton, Mississippi, is used for the purchase of books in English literature. At the present time the library contains approximately 40,000 volumes.

For many years the library has had on its shelves books which were given by Dr. Alfred Allen Kern, former professor of English and Librarian at Millsaps College. We were happy to receive an additional gift of books from Dr. Kern's personal library which he presented in honor of the new Millsaps-Wilson Library.

During the past academic year contributions have been made to the library for the purchase of books in memory of the Rev. Casper W. Avery, Mrs. Mary B. Stone, Mrs. Bernice Bush, the Rev. Luke Alford, Mrs. J. E. J. Ferguson, Dr. J. M. Sullivan, Mr. C. R. Grimes, Mr. Joseph Hart, Mrs. Walter Spiva, Sr., Mr. and Mrs. J. T. Calhoun, Curtis H. Mullen, III, Mrs. Richard C. Clark, and Dr. William E. Riecken. In addition, Mr. and Mrs. F. M. Jackson made a contribution in honor of Mr. and Mrs. R. L. Ezelle.

During the session of 1941-42 the Historical Society of the Mississippi Conference placed its valuable collection of books and papers relating to Mississippi Methodist history in a special room in the library. A collection of documents, manuscripts, and books on Methodism in Mississippi has been begun, and gifts of material related to this subject will be especially valuable.

The library hours are as follows: Monday through Friday, 8:30 A.M. to 10:00 P.M.; Saturday, 9 to 12; 1 to 5:00; Sunday, 1:30 to 5:00. The library is closed for the Chapel Hour each week and during the Thanksgiving, Christmas, and Spring Holidays.
